

Project Brief: Integrity Compliance & Consulting Website

Brand

Integrity Compliance & Consulting

Slogan: *Where Ethics and Oversight Protect What Matters.*

Primary Goal

Build a professional website that positions the business as a **NJ DDD compliance authority** offering both:

- digital compliance toolkits/templates
- consulting and customization services

This website should generate leads, build credibility, and support future digital product sales.

Core Positioning

The site must clearly communicate that this business helps **New Jersey DDD providers** build:

- audit-ready systems
- ethical compliance infrastructure
- documentation integrity
- authorization tracking systems
- internal oversight processes

It should present the business as focused on:

- audit protection
 - risk reduction
 - licensing readiness
 - Medicaid billing compliance
 - survey preparedness
 - participant protection
-

Target Audience

The website should speak directly to:

- new NJ DDD providers
 - small providers overwhelmed by compliance
 - agencies cited in audits
 - providers expanding services
 - agencies needing stronger documentation and oversight systems
-

Required Homepage Sections

1. Hero Section

Must immediately communicate:

- NJ DDD compliance focus
- audit-readiness
- consulting + toolkit offerings

Include:

- business name
 - slogan
 - short positioning statement
 - CTA buttons:
 - Schedule a Compliance Consultation
 - Download NJ DDD Audit Readiness Checklist
-

2. Problem Section

Use a 3-problem structure:

- Documentation That Fails to Defend Billing
- Authorization and Oversight Breakdowns
- Regulatory Findings and Financial Recoupments

This section should create urgency and show understanding of provider pain points.

3. Solution Section

Clearly present offerings such as:

- Corporate Compliance Plans
 - Mock Audits and Risk Assessments
 - Documentation System Design
 - Authorization Tracking Systems
 - Staff Compliance Training
 - Corrective Action Planning
-

4. Our Approach Section

Show the company's values using 3 pillars:

- Ethical Leadership
 - Structured Systems
 - Accountability That Protects
-

5. Services Section

Must clearly present consulting offers:

- Startup Compliance Build
 - Mock Audit and Risk Assessment
 - Ongoing Compliance Oversight
 - Audit Rescue / Corrective Action Support
-

6. Toolkit / Products Section

Must show that the business also sells compliance tools and templates.

The site should communicate that the toolkit includes:

- NJ Corporate Compliance Plan Template
 - NJ Policy & Procedure Manual Template
 - Incident Reporting System
 - Authorization Tracking Log
 - Referral Tracking Log
 - Employee File Checklist
 - Staff Training Log
 - Audit-Ready Service Note Templates
 - Quarterly Monitoring Forms
 - Behavior and Medical Risk Templates
 - Mock Audit Self-Assessment Checklist
-

7. Lead Magnet Section

Must include email capture for a free resource:

NJ DDD Audit Readiness Checklist: 25 Risk Areas That Trigger Findings

This should connect to email collection and future marketing.

8. About / Founder Section

Should position the founder as:

- Ethical
- Accountable
- compliance-focused
- serious about participant rights and regulatory readiness

Tone should feel credible, principled, and professional.

9. CTA / Contact Section

Must include:

- consultation CTA
 - contact form or booking link
 - footer with business info
-

NJ-Specific Compliance Focus

The site should visibly reflect knowledge of:

- NJ Division of Developmental Disabilities (DDD)
- Medicaid Fee-for-Service
- Supports Program / CCP
- NJ incident reporting requirements
- HIPAA
- Danielle's Law
- CARI / background checks
- OPIA
- HCBS Settings Rule
- ISP documentation standards

No legal citations are required, but the website should clearly feel NJ-specific.

Key Toolkit Content to Mention

The site should communicate that tools include:

Agency Foundation

- Mission & Vision Templates
- Policies & Procedures
- Code of Ethics
- Incident Reporting Policy
- HIPAA / Confidentiality Policy
- Documentation Standards
- Records Retention
- Emergency Preparedness

HR & Staff Compliance

- Job Descriptions
- Employee File Checklist
- Background Check Log
- Credential Tracking
- Training Log
- Annual Evaluation Template
- Corrective Action Template
- Supervision Log

Orientation Toolkit

- New employee orientation agenda
- compliance and ethics training
- safety training
- documentation training
- acknowledgement forms

Tracking Tools

- Referral Tracking Log
- Authorization Tracking Log
- billing/reauth support tools

Participant Tools

- Participant Snapshot Summary
- Behavioral Support Guide
- Medical Support Summary
- Quarterly Check-In Templates

Audit-Ready Documentation

- Supported Employment notes
- CBS / IS notes
- Speech Therapy notes
- OT / PT notes
- Behavior Support / BCBA notes

QA / Audit Tools

- Documentation audit checklist
 - Incident review checklist
 - Billing vs note match review
 - Authorization verification
 - Corrective action planning
-

Flagship Deliverable to Feature

The website should prominently highlight the **NJ Corporate Compliance Plan** as a premium offering.

It should mention that the plan includes:

- purpose and scope
- compliance officer structure
- standards of conduct
- fraud, waste, and abuse prevention
- documentation standards
- incident management
- training and education
- monitoring and auditing
- corrective action planning
- record retention
- annual review
- staff attestation

Optional premium appendices to mention:

- reporting flow chart
- incident reporting timeline guide
- internal audit tool
- fraud risk indicators
- documentation review checklist
- annual compliance review form

Business Model to Support

Digital Products

The site should allow room for:

- Starter Compliance Bundle
- Full Provider Toolkit
- Add-on Documentation Pack

Consulting Services

The site should support:

- Startup Compliance Build
 - Mock Audit Package
 - Audit Rescue Package
 - Monthly Compliance Retainer
-

Functional Requirements

The site should include:

- email capture form
 - downloadable lead magnet
 - consultation booking CTA
 - contact form
 - space for future digital product sales
 - mobile-friendly layout
 - professional footer
-

Tone + Visual Direction

The site should feel:

- executive
- trustworthy
- calm
- structured
- ethical
- compliance-heavy
- NJ-focused

Avoid:

- generic startup feel
 - playful marketing style
 - vague business language
 - overly trendy design
-

Legal / Business Notes

Please leave room for:

- disclaimer that templates should be reviewed by legal counsel
 - note that services are compliance consulting, not legal advice
 - intake questionnaire / client onboarding
 - consulting agreement workflow
-

Priority for Launch

Please prioritize:

1. homepage with strong NJ-specific messaging
2. services section
3. toolkit overview
4. lead magnet form

5. consultation CTA
 6. about section
 7. contact/footer
 8. expandable structure for future product sales
-

End Goal

The website should position Integrity Compliance & Consulting as the **go-to NJ DDD compliance partner** for providers who need:

- audit-ready systems
- ethical oversight
- documentation integrity
- operational structure
- protection of funding and participant care
